

The background image shows a vast industrial storage or workshop space. The ceiling is a complex steel truss structure with numerous lights. The floor is concrete. On the left, there's a blue metal shelving unit. In the center-left, several military-style vehicles are parked, including a green jeep and a grey truck. To the right, there are more shelving units filled with boxes and equipment, and a yellow forklift is visible. The overall atmosphere is one of a large, functional storage facility.

Let's talk about storage  
(and other fun stuff)
